Android Mobile with good internet (if needed then campus's own internet with only needful allowance) should be allowed because many times we need to search and if we want to search something imp. in night during studies, we can't go to E-Library which is obviously not possible in midnight. Apart from regular course, if institute give any scope for preparation for JAM/JEST/TIFR/CMI etc etc that will be grateful for students. If atleast 10 mock test can be taken, that is also big thing!</p> <p>2. Internship/ Project outside leave should b given if needed thoroughly as well as these type practice would actually help the student's mentality towards good PhD possibly in abroad. So,</p>

It is better if more seminars and inter-college events are organised. 2) Internships should be hugely promoted as I've always felt practical knowledge truly enriches us in the field. It improves our CV too. Students should be made aware of such courses from the beginning. 3) Classes must not occupy the recreational times. Everything has it's place; field recreations like sports should be more encouraged for a healthy mind. To increase classes/teachers sothat we can solve problems for various entrance exam. we have to give chance for project work.</p>
