Agenda No. 5 a.

Introduction of new Undergraduate B.A. Honours Programmes in Philosophy and Political Science

The Principal submits the proposal of introducing B.A. Hons. Programmes in Philosophy and Political Science. He states that although the college is called a multi-disciplinary one, less stress has been given for reasons one or more on the study of Social Sciences. Thus, when the study and research in Science have been progressed significantly in last 5 years, the college feels and the academic peers expect there should be a balanced progress in the academic pursuit. Further, New Education Policy has emphasized on the spread of the study and research of liberal arts so that the societal growth does also not get one-sided. Further, this year being the diamond jubilee celebration year of the college and its visionaries being the persons from social science background, it will be wise to start these two Honours programmes this year to pay tribute to the pioneers and forerunners of the college.

Resolved that the Honours Programme in Philosophy and Political Science be introduced at the earliest for the academic up gradation of the college from the session 2020-2021 with a maximum intake of 10 students per programme.
